(E) Remedy not exclusive. The issuance of a Stop-Work Order shall not be the exclusive remedy available to address any event described in subsection (A) of this section, and the authority to issue a Stop-Work Order shall be in addition to, and not in substitution for or limitation of, the right and authority to pursue any other remedy or impose any other penalty under section 40 ("Enforcement") of this chapter or under any other applicable local law or State law. Any such other remedy or penalty may be pursued at any time, whether prior to, at the time of, or after the issuance of a Stop-Work Order.

Section 41. Chapter 162, Section 32 ("Certificate of Occupancy"):

(A) Certificate of Occupancy required. A Certificate of Occupancy shall be required for any work which is the subject of a Building Permit and for all structures, buildings, or portions thereof, which are converted from one use or occupancy classification or sub-classification to another. Permission to use or occupy a building or structure, or portion thereof, for which a Building Permit was previously issued shall be granted only by issuance of a Certificate of Occupancy. No building or structure in the Village which is subject to the Uniform Code, the Energy Code or the Village Code, where applicable, shall be used or occupied until a Certificate of Occupancy has been issued by Code Enforcement Personnel, except as provided in Subsection (D) of this section.

(B) Issuance of Certificates of Occupancy. (1) a written statement of structural observations and/or a final report of special inspections, and

(2) flood hazard certifications.

(C) Except where the issuance of a certificate of occupancy will result in the curing of existing violations, no Certificate of Occupancy shall be issued where there is an existing violation of any provision of the Village Code.

(D) No Certificate of Occupancy shall be issued without proof that the taxes, water and sewer bills, fines payable to the Town Justice Court and all other fees or fines due and payable to the Village for the property subject to the application are paid in full.

(E) Contents of Certificates of Occupancy. A Certificate of Occupancy shall contain the following information:

(1) the Building Permit number, if any;

However, in no event shall the Building Inspector or Assistant Building Inspector issue a Temporary or Partial Certificate unless the Building Inspector or Assistant Building Inspector determine (1) that the building or structure, or the portion thereof covered by the Temporary or Partial Certificate, may be occupied safely, (2) that any fire- and smoke-detecting or fire protection equipment which has been installed is operational, and (3) that all required means of egress from the building or structure have been provided. The Building Inspector or Assistant Building Inspector may include in a Temporary or Partial Certificate such terms and conditions as he or she deems necessary or appropriate to ensure safety or to further the purposes and intent of the Uniform Code. A Temporary or Partial Certificate shall be effective for periods of time, not to exceed 90 days, but not more than one year in the aggregate, which shall be determined by the Building Inspector or Assistant Building Inspector and specified in the Temporary or Partial Certificate. During the specified period of effectiveness of the Temporary Certificate, the Permit Holder shall undertake to bring the building or structure into full compliance with all applicable provisions of the Uniform Code, the Energy Code and the Village Code, where applicable. Additionally, the Building Inspector or Assistant Building Inspector shall require a cash deposit, in an amount to be determined by the Building Inspector or Assistant Building Inspector or the Village Engineer to ensure and guarantee the completion of the improvements.

(E) Revocation or suspension of certificates. If the Building Inspector or Assistant Building Inspector determine that a Certificate of Occupancy or a Temporary or Partial Certificate was issued in error because of incorrect, inaccurate or incomplete information, and if the relevant deficiencies are not corrected to the satisfaction of the Building Inspector or Assistant Building Inspector within such period of time as shall be specified by the Building Inspector or Assistant Building Inspector, the Certificate of Occupancy or Temporary or Partial Certificate shall be revoked or suspended. (E) Duration of Operating Permits. Operating permits shall be issued for such period of time, not to exceed one year in the case of any Operating Permit issued for an area of public assembly and not to exceed three years in any other case, as shall be determined by Code Enforcement Personnel to be consistent with local conditions. The effective period of each Operating Permit shall be specified in the Operating Permit. An Operating Permit may be reissued or renewed upon application to the Village of Ossining Building Department, payment of the applicable fee, and approval of such application by Code Enforcement Personnel.

(F) Revocation or suspension of Operating Permits. If Code Enforcement Personnel determine that any activity or building for which an Operating Permit was issued does not comply with any applicable provision of the Uniform Code, such Operating Permit shall be revoked or suspended.

(C) OFPC Inspections. Nothing in this section or in any other provision of this chapter shall supersede, limit or impair the powers, duties and responsibilities of the New York State Office of Fire Prevention and Control (“OFPC”) and the New York State Fire Administrator under Executive Law section 156-e and Education Law section 807-b.

(C) if appropriate, issuing a Stop-Work Order;

(D) if a violation which was found to exist is abated or corrected, performing an inspection to ensure that the violation has been abated or corrected, preparing a final written report reflecting such abatement or correction, and filing such report with the complaint.

Section 47. Chapter 162, Section 38 (“Record Keeping”):

Section 49. Chapter 162, Section 40 ("Enforcement")

(A) Orders to Remedy. Code Enforcement Personnel are authorized to order in writing the remedying of any condition or activity found to exist in, on or about any building, structure, or premises in violation of the Uniform Code, the Energy Code, and/or the Village Code, where applicable. An Order to Remedy shall be in writing; shall be

dated and signed by Code Enforcement Personnel; shall specify the condition or activity that violates the Uniform Code, the Energy Code, and/or the Village of Ossining Code; shall specify the provision or provisions of the Uniform Code, the Energy Code, and/or the Village of Ossining Code which is/are violated by the specified condition or activity; and shall include a statement substantially similar to the following:

“The person or entity served with this Order to Remedy must completely remedy each violation described in this Order to Remedy by _____ [specify date], which is thirty (30) days after the date of this Order to Remedy.”

Code Enforcement Personnel may include in the Order to Remedy provisions ordering the person or entity served with such Order to Remedy (1) to begin to remedy the violations described in the Order to Remedy immediately, or within some other specified period of time which may be less than thirty (30) days; to continue diligently to remedy such violations until each such violation is fully remedied; and, in any event, to complete the remedying of all such violations within thirty (30) days of the date of such Order to Remedy; and/or (2) to take such other protective actions (such as vacating the building or barricading the area where the violations exist) which are authorized by this chapter or by any other applicable statute, regulation, rule, local law or ordinance, and which Code Enforcement Personnel may deem appropriate, during the period while such violations are being remedied. Code Enforcement Personnel shall cause the Order to Remedy, or a copy thereof, to be served on the owner of the affected property personally or by registered mail or certified mail within five (5) days after the date of the Order to Remedy. If the Order to Remedy is served personally by any authorized means that requires more than one action by the person effecting service (such as service by “delivery and mail” similar to that authorized by Civil Practice Law and Rules 308(2)), the Order to Remedy shall be deemed to be served on the date on which the last required action is taken. Where the Order to Remedy is served by registered or certified mail, it shall be deemed served on the date the order is mailed. Service of the Order to Remedy also may be effected using the manner of service detailed in Section 31. Code Enforcement Personnel shall be permitted, but not required, to cause the Order to Remedy, or a copy thereof, to be served on any builder, architect, tenant, contractor, subcontractor, construction superintendent, or their agents, or any other Person taking part or assisting in work being performed at the affected property personally or by registered mail or certified mail within five (5) days after the date of the Order to Remedy; provided, however, that failure to serve any Person mentioned in this sentence shall not affect the efficacy of the Order.

(B) Other means of enforcing the Uniform Code. Nothing in this section shall be construed as requiring Code Enforcement Personnel to issue an Order to Remedy in a given situation where violations of the Uniform Code, Energy Code and/or Village Code, where applicable, are found to exist if, in the judgment of Code Enforcement Personnel, such violations can be addressed adequately by the use of other enforcement tools or by other means. Nothing in this section shall be construed as limiting the authority the Village to employ any other means of enforcing the Uniform Code and/or Energy Code and/or Village Code, where applicable, including, but not limited to:

-

(1) issuing notices of violation;

-

(2) issuing appearance tickets;

(3) commencing and prosecuting an appropriate action or proceeding pursuant to that part of [subdivision 2 of section 382 of the Executive Law](#) that provides that any owner, builder, architect, tenant, contractor, subcontractor, construction superintendent or their agents or any other person taking part or assisting in the "construction" (as defined in [subdivision 4 of section 372 of the Executive Law](#)) of any building who shall knowingly violate any of the applicable provisions of the Uniform Code or any lawful order of a city, village, town, county, state agency or the Secretary of State made thereunder regarding standards for construction, maintenance, or fire protection equipment and systems, shall be subject to a fine of not more than one thousand dollars per day of violation, or imprisonment not exceeding one year, or both;

(4) commencing and prosecuting an appropriate action or proceeding pursuant to [subdivision 3 of section 382 of the Executive Law](#) which seeks, in a case where the construction or use of a building is in violation of any provision of the Uniform Code or any lawful order obtained thereunder, an order from a Justice of the Supreme Court directing the removal of the building or an abatement of the condition in violation of such provisions;

(5) issuing stop work orders;

(6) revoking or suspending building permits, operating permits and/or certificates of occupancy pursuant to the procedures established in the code enforcement program of the Authority Having Jurisdiction or pursuant to any other applicable statute, regulation, rule, local law or ordinance;

(7) commencing and prosecuting an appropriate action or proceeding to impose such criminal and/or civil sanctions as may be provided in any applicable statute, regulation, rule, local law or ordinance;

(8) condemning and/or placarding a building in accordance with the applicable provisions of the Uniform Code;

(9) taking any action authorized by the procedures for identifying and addressing unsafe structures and equipment as established in the Village's code enforcement program or by any other applicable statute, regulation, rule, local law or ordinance; or

(10) issuing orders to remedy violations of the Energy Code pursuant to [subdivision \(1\) of section 11-108 of the Energy Law](#);

(11) issuing orders to remedy violations of the Village of Ossining Code.

(C) Civil Penalties. In addition to those penalties prescribed by State law, any Person who violates any provision of the Uniform Code, the Energy Code or the Village Code, or any term or condition of any Building Permit, Certificate of Occupancy, Temporary or Partial Certificate, Stop-Work Order, Operating Permit or other notice or order issued by Code Enforcement Personnel pursuant to any provision of this chapter, shall be liable to a civil penalty of not more than \$200 for each day or part thereof during which such violation continues. The civil penalties provided by this subdivision shall be recoverable in an action instituted in the name of the Village.

(D) Injunctive Relief. An action or proceeding may be instituted in the name of the Village, in a court of competent jurisdiction, to prevent, restrain, enjoin, correct, or abate any violation of, or to enforce, any provision of the Uniform Code, the Energy Code, this chapter, or any term or condition of any Building Permit, Certificate of Occupancy, Temporary or Partial Certificate, Stop-Work Order, Operating Permit, Order to Remedy, or other notice or order issued by Code Enforcement Personnel pursuant to any provision of this chapter. In particular, but not by way of limitation, where the construction or use of a building or structure is in violation of any provision of the Uniform Code, the Energy Code, the Village Code, or any Stop-Work Order, Order to Remedy or other order obtained under the Uniform Code, the Energy Code or the Village Code, an action or proceeding may be commenced in the name of the Village, in the Supreme Court or in any other court having the requisite jurisdiction, to obtain an order directing the removal of the building or structure or an abatement of the condition in violation of such provisions. No action or proceeding described in this subdivision shall be commenced without the appropriate authorization from the Board of Trustees.

(E) Remedies Not Exclusive. No remedy or penalty specified in this section shall be the exclusive remedy or remedy available to address any violation described in this section, and each remedy or penalty specified in this section shall be in addition to, and not in substitution for or limitation of, the other remedies or penalties specified in this section, in any other section of the Village Code, or in any other applicable law. Any remedy or penalty specified in this section may be pursued at any time, whether prior to, simultaneously with, or after the pursuit of any other remedy or penalty specified in this section. In particular, but not by way of limitation, each remedy and penalty specified in this section shall be in addition to, and not in substitution for or limitation of, the penalties specified in subdivision (2) of section 382 of the Executive Law, and any remedy or penalty specified in this section may be pursued at any time, whether prior to, simultaneously with, or after the pursuit of any penalty specified in subdivision (2) of section 382 of the Executive Law.

Section 50, Chapter 162, Section 41 ("Fees"):

A fee schedule shall be established by resolution of the Board of Trustees. Such fee schedule may thereafter be amended from time to time by resolution. The fees set forth in, or determined in accordance with, such fee schedule or amended fee schedule shall be charged and collected for the submission of applications, the issuance of Building Permits, amended Building Permits, renewed Building Permits, Certificates of Occupancy, Temporary or Partial Certificates, Operating Permits, Fire Safety and Property Maintenance Inspections, and other actions of Code Enforcement Personnel described in or contemplated by this chapter.

Section 51. Chapter 162, Section 42 ("Administrative Liability"):

Except as may otherwise be provided by statute or local law or ordinance, no officer, agent or employee of the Village charged with the enforcement of this chapter shall be personally liable for any damage that may accrue to persons or property as a result of any act required or permitted in the discharge of his or her duties under this chapter. Any suit brought against any officer, agent or employee of the Village, as a result of any act required or permitted in the discharge of his or her duties under this chapter, shall be defended by the legal representative of the Village until the final determination of the proceedings therein.

Such rules of procedure shall be submitted to the Village's Board of Trustees for review. Failure of the Board of Trustees to approve, reject or modify such rules of procedure within thirty (30) days after submission shall be deemed to constitute approval thereof.

Section 53, Chapter 162, Section 44 ("Right of Appeal to Village of Ossining Code Board of Appeals"):

(A) Any person, owner, corporation, etc., ("appellant") who is aggrieved with the decision and/order of Code Enforcement Personnel relative to the interpretation or enforcement of any provisions of this chapter and the provisions of Chapter 95, may appeal the decision and/or order to the Village of Ossining Code Board of Appeals.
