Dear Planning Board Members:

Recently, we received information regarding the proposal for the Snowden Woods Development. In response to the details provided, I am resending my letter dated March 17, 2017 which outlines the concerns the district has with regard to the noticeable influx of development. I believe the content of this letter relates to the development the Village is considering at this time. This development will clearly have an impact on student enrollment.

If you should have any questions, please feel free to contact me.

Sincerely yours,

Raymond Sanchez
