

Go Team!

S O C C E R A C A D E M Y

Having a birthday party for your soccer enthusiast? We come to you! Looking to create a soccer class with your child's friends? We make it happen!

Private Training, Group Training, Parties

Soccer skills training, individual, partner or group training sessions available for all ages and skill levels.

Classes

Soccer fundamentals in a fun and supportive environment! Your child will be motivated from creative, high energy and level appropriate activities, serving as a great introduction to soccer, and helping your child master developmental milestones. Our specially designed soccer curriculum is age-appropriate, and incorporates individual, partner and team activities. We keep our classes small, so that every child receives the attention they need to thrive. In addition to soccer skills such as dribbling, passing, trapping and shooting on target, your child will learn discipline, sportsmanship and teamwork, in a personalized setting where all children are valued.

Coach Caroline T. Turner
