please call to register 914-941-0001

\$10 class fee

Create a lovely collage with memorabilia you've been hanging onto. Bring those items hidden safely in a drawer out and make something you can display. A collage brings numerous items together to tell a story in a fun way. Your focus can be on a special photo, event, person, or place.

The instructor provides all supplies, but suggests you bring your own scissors, and glue stick. You might like to include a photo, (I suggest a quality Xerox copy). If you have specific papers, ribbon, lace, buttons, jewelry, doodad, trinket or items you want to use, please bring them.

(Please make a copy of anything precious, as the original will be glued down.)

This will be a fun afternoon as we create an art piece ready for framing.
