# About DRI Projects

- Projects recommended for DRI funding should **catalyze or continue downtown revitalization**. Projects may range in cost and scale, from small improvements to large-scale construction projects.
- The Village of Ossining's DRI Application included **an initial slate of projects** that would help downtown Ossining become a magnet for redevelopment, business, job creation, housing diversity, and opportunity.
- The DRI planning process also provides opportunities to submit additional projects that may be considered by the LPC for inclusion in the Strategic Investment Plan. Visit Station Four for more information on the **Call for Projects**.
