Sanitation Tickets: 941-3199

After Hours Public Works Emergencies Please Call the Police Desk: 941-4099

Let's Keep Our Village Clean!

- ▶ **All materials to be picked up by DPW should be accessible by 6:00 AM on collection day. Material may be placed at curb side no earlier than 5:00 PM the night before the scheduled pick up day. Remove empty garbage containers from the street the same day.**
 - ▶ Garbage containers may not exceed 35 Gallons in size. Containers must be plastic or metal, must be watertight and be equipped with a tight-fitting lid.
 - ▶ **DURING INCLEMENT WEATHER,** your pickup may be delayed. Just leave your refuse at the curb; the Sanitation Department will reschedule its pickup as soon as weather permits.
 - ▶ Recycle bins can be purchased at the DPW at 101 Route 9A for a \$8.00 fee. Biodegradable paper bags can be purchased at the DPW at 101 Route 9A for a fee of fifty cents (50¢).
 - ▶ Do not leave refrigerators and air conditioners at the curb or visible from the street until the evening before your next scheduled pickup. Make sure proper freon removal stickers are affixed. **REMOVE DOORS BEFORE PUTTING CURBSIDE!**
 - ▶ Keep your sidewalks clear of refuse and debris at all times.
 - ▶ Keep our streams and river clean by keeping waste, chemicals, sediments, and bacteria from entering our storm sewers:
 - Minimize use of pesticides and lawn chemicals.
 - Do not over salt and salt before it snows.
 - Make sure you dispose of your trash properly. Use
 - Alternatives to hazardous household chemicals.
 - Plant more trees and shrubs and avoid removal of existing plants and vegetation whenever possible.
 - Clean up after pet waste.
- See Department of Public Works page on the Village's website at www.villageofossining.org for link to Chapter 225 of Local Law, Solid Waste, including new Section 225-23 re: Enforcement and Penalties for Offenses.**

The Village of Ossining aggressively enforces these and other ordinances designed to promote the health, safety and "quality of life" of our residents. Violations may well result in the issuance of Court appearance tickets and substantial fines.

● Motor Oil/Antifreeze

Take motor oil to a service station or retail outlet. State Law requires that they accept, free of charge, up to five (5) gallons per day per person. Do not put these products in your garbage or empty them into a storm sewer.

Remember: our storm sewers empty directly into the Hudson River.

● Car Tires

Try to have retailer accept them when having new tires installed. The following local vendor has voluntarily agreed to accept tires from residents for a nominal handling fee: Mavis Discount Tire, Route 9, 170 North Highland Avenue, Ossining (914) 762-1070.

● Vehicle Batteries

Take to vehicle battery retailers. State Law requires they accept, free of charge, up to two (2) vehicle batteries per person per month.

● Propane Tanks

The local company listed below accepts empty propane tanks for a nominal fee. Before transporting any propane tank, empty it through normal use, tighten the valve and seal it with a plastic safety cap. Most hardware stores and propane distributors sell replacement caps. Stand upright and do not transport propane tanks in the trunk of your car. Briarcliff Manor Fuels, 126 N. State Road, Briarcliff Manor, NY (914) 941-2660.

● Mattresses & Box Springs

Mattresses and box springs put to the curb for pick-up must be fully encased in a sealed plastic bag. Sold at the DPW and Recreation Dept. for \$2 each.

● Refrigerators, Air Conditioners, Dehumidifiers

You must purchase freon disposal stickers from the Public Works Office, located at the old Armory on Route 9A, or from the Parks and Recreation Department, located at 95 Broadway, before putting your refrigerator, air conditioner, or dehumidifier to the curb for Bulk Metal pickup. The cost is \$10 for an air conditioner or dehumidifier, and \$20 for a refrigerator.

Note: Take door off of refrigerator before putting curbside!

MISCELLANEOUS

● Paint (latex and oil-based)

Air dry and harden, lids off, put out for Bulk Trash pickup. Use kitty litter or speedy dry to speed up hardening of paint.

● Medical Needles

Put in hard plastic container with screw top. Label and dispose of with regular trash, or bring to a hospital or nursing home.

● Storm Windows

Tape up glass and put out for Bulk Trash pickup.

● Batteries

Non-rechargeable and rechargeable alkaline types only. Put out with household trash.

● Waste Reduction...The Next Step to Recycling

Westchester County has excellent literature on grasscycling, composting, clothes recycling, used but usable recipient listings, etc. Give them a call or visit their website at www.westchestergov.com.

Recycling Hotline: 813-5420 • Used But Usable Clearinghouse: 813-5415
Household Chemical Info Line: 813-5425

● Household Material Recovery Days

Westchester County operates the Household Material Recovery Facility (H-MRF) on the Grasslands Campus in Valhalla. The H-MRF accepts many of the same wastes collected at the Household Recycling Days, including household chemicals, electronics, Freon-containing appliances, scrap tires, BBQ tanks, and confidential documents for shredding. Reserve a time slot for appointments up to two weeks in advance. Appointments can be made for Tuesdays, Thursdays and Saturdays (excluding Federal holidays) from 10 a.m. to 2:50 p.m. by calling the Recycling HelpLine at (914) 813-5425. More information may be found on the County's website at www.westchestergov.com. You can also call the County's Recycling HelpLine at (914) 813-5425.

- **Shovel your sidewalk within 6 hours after the snow stops.**

Village law states that sidewalks must be cleared of snow and/or ice within six (6) hours after precipitation has stopped or a summons can be issued. The hours between 7:00 PM and 7:00 AM do not count toward the six hours. If the ice is too thick to be removed without harming the pavement, salt or sand must be placed on the ice. The ice must be removed as soon as weather permits, in order to allow for safe passage.

- **DO NOT shovel snow into the road.**

New York State Vehicle and Traffic Law states that it is illegal to shovel or plow snow into the roadway. The Village Police Department will be strictly enforcing this regulation.

- **Please clear nearby fire hydrants.**

If you have a fire hydrant in front of or near your home, please make an effort to clear any snow and ice from around the hydrant. The Fire Department needs a two (2) foot clearance around the hydrant to hook up their water supply. The effort could be a joint project between several neighbors. In the event of a fire, the time spent by firemen clearing snow or ice from a hydrant could make a difference in the amount of damage done by the fire.

- **Alternate side of the street parking regulations must be obeyed.**

In the event of a snow storm, alternate side of the street parking rules must be adhered to. Over a period of two days, the Village must have access to both sides of a street in order to clear the entire street of snow.

- **Westchester County Mobile Shredder**

Shredding personal documents serves a double purpose — to recycle paper as well as protect sensitive information against identity theft — the fastest growing crime in the nation. Some examples of what to shred are junk mail, old utility bills, driver licenses, expired credit cards and receipts, old tax returns or any other documents containing your name, address and other identifying information and pre-approved credit card applications.

The Mobile Shredder will be visiting our community at the Community Center, 95 Broadway, on Saturday, April 10, 2021 and Saturday, October 16, 2021, from 10:00 am to 1:00 pm. Check the Village's website for updates.

The Mobile Shredder is also present at all Westchester County Household Material Recovery Days.

More information regarding what you can bring to shred can be obtained on the Westchester County website: www.westchestergov.com.

HOLIDAY SCHEDULE

- **NO Metal / Electronic pickup on Holiday weeks.**
- **Organic pickup may be delayed on Holiday weeks**

- **Toner Cartridge Recycling**

Are you aware that you can recycle used toner cartridges? There are markets that will take or purchase empty cartridges. The current known markets for toner and inkjet cartridges are:

Staples..... 914-734-2445
 UPS Store..... 914-941-4120
 Laser Cartridges
 Service Inc. 941-739-5144
Only HP & Laser Cartridges

Christmas trees will be picked up curbside during the month of January.
